

MESA Community of Practice on *pfhrp2/3* gene deletions

Workshop during MIM conference - 21 April 2024 (Kigali, Rwanda)

Practical demonstration: *Pfhrp2/3* Planner online tool

10 participants from research institutions, national malaria programs and ministries of health representing different survey implementation sites

Topics addressed

- Overview of WHO protocol recommendations
- Presentation of the tool: Study design and analysis
- Case studies
- Practice by participants and Q&A

Next steps

- Adjust the tool based on feedback from attendees
- Plan additional demonstration sessions

Training to support stakeholders planning to:

- Start implementing a *pfhrp2/3* gene deletion survey
- Analyze the results of an ongoing or completed survey

Facilitators

- Shazia Ruybal-Pesántez & Hillary Topazian (Imperial College, UK)
- Rebecca Thomson (WHO consultant, UK)
